### HURT IN A RUNAWAY.

MISS BERTHA ARGUED THE VICTIM OF A PAINFUL ACCIDENT YESTERDAY

Miss Bertha Argued, a well known young lady of South Sixth street, was evidently hurt yesterday morning in a runaway. She and a young man started to the country to spend the day with friends, and as the young lady was being assisted into the buggy at Sixth and Franklin, the horse took fright and jerked away from the young man, who was on the ground.

The animal ran two blocks and at Elizabeth street dashed into a telephone post, throwing the young lady violently out against it. She had an ankle sprained and was cut and bruised in several places, and was very ill all day from the accident, but today is reported better. Dr. Coyle attended her.

### SCHOOL CAUCUS.

NEXT MONDAY THE TEACHERS WILL BE CHOSEN—BOARD

Meets Tonight—Only One Candidate for Superintendent—Examination of Teachers This Week.

The School Board meets tonight in adjourned session to sign the diplomas of the graduates who make their last appearance as pupils of the schools this evening at La Belle Park. The session will be very brief, only long enough to sign the diplomas. The Board will then go in a body to Convocation.

Next Monday the Board will hold its annual caucus at the city hall to select teachers for the ensuing year. There is but one candidate for the position of superintendent, Prof. O. B. Hatfield, present incumbent. There are several other applicants, but some of the members of the board claim that their applications cannot be considered, unless they are examined here and given the examination. This will likely shut out all but Supt. Hatfield.

The teacher examination will take place Thursday and Friday next. The formal election of teachers will take place Tuesday a week from tomorrow, although the election will virtually be held on Monday, when the caskets are held.

### MARRIED TODAY.

A HANCOCK COUNTY MAN AND A TRICOU COUNTY WIDOW WED

### —MARRIAGE AT MEETROPOLIS.

Mr. Sid Slaughter and Miss Mayde Poast, both well known residents of Bandana, Ky., were married in Metropolis yesterday at the Julian hotel. Mr. Slaughter is a carpenter and is well known here. His bride is a very popular young lady and both have many friends to congratulate them on their venture.

Mr. A. F. Ross, a picture dealer of Hart county, Ky., recently in business in Mayfield and Mrs. Faunis Harper of Trigg county, were married at the St. Nicholas hotel, this morning by Rev. Perryman. They left this morning for the groom's house to reside. They met in Mayfield and after a short courtship agreed to marry. They are well known in their home towns.

### DEEDS.

Property in the county on the Metropolis and Mayfield road was sold to A. M. Ragdale by G. W. Bumpus for \$100.

Aida Reiter sold to George Schuman for \$47.70 property in the county.

Property on Ashbrook Avenue in the Hayes subdivision of Mohansburg, was purchased by Amanda Barnes from L. R. Barnes for \$1 and other good considerations.

Mrs. Georgia Hill and Mrs. Smith transferred to Frank P. Hill and Ernest Karas, for \$1, property on Hayes Avenue in Mechanicsburg.

J. B. Bowles transferred property in the county to S. J. Melton for \$300.

Mayne Holt and others deed to William Engert, for \$300, property at Twenty-fourth and Broadway.

L. R. Barnes deeds to S. F. Ballay for \$10 and other considerations property in Mechanicsburg.

### MOVES TO MAYFIELD.

Col. John Lemon and wife left this morning for Mayfield, where they will select a house and move. Col. Lemon is now one of the proprietors of the Mayfield Messenger, one of the newest papers in the district, and will take his family to Mayfield to reside. His many friends here will regret that he is leaving Paducah.

## THOSE CHANGES

Fulton Probably Will Get the Memphis Division Officers.

### CHANGES EFFECTIVE JULY 1

Engineer Wilson Painfully Injured Today—Another I. C. Officer Goes to the Gulf and Ship Island.

### NOTES OF GENERAL PUBLIC INTEREST

According to the Fulton Leader, on July 1 the Illinois Central railroad will begin to restrict all the south east divisions. The following are the changes that probably will be made: Supt. W. H. King will have his headquarters in Fulton and will occupy an office in the new general offices now being erected on the site of the old depot. Other division officials who will be moved there from Jackson and occupy offices in the building will be Roadmaster P. Ladd, Bridge Supervisor C. M. Hubbard, Trainmaster E. P. Russell and the train dispatchers now located at Jackson. The trainmaster and train dispatchers from Memphis will also occupy offices in the building, headquarters at Fulton. It is said that Supt. W. H. King's territory will be considerably enlarged and that he will have charge of the Jackson division, East Cairo to Water Valley and also the Memphis division from Paducah to Memphis. It is said Supt. A. Philbrick of the present Memphis division will be made superintendent from Memphis to Canton, Miss.

Mr. John Larson, one of the carpenters under the master carpenter at Chicago, is in the city taking an inventory of the buildings and making a report of their condition and the improvements made during the road's fiscal year which ends with this year. He has about finished his work and will return to Chicago with the next week. The local buildings will be found to be the very best condition and Paducah will stand comparison with any other city on the whole system.

The teacher examination will take place Thursday and Friday next. The formal election of teachers will take place Tuesday a week from tomorrow, although the election will virtually be held on Monday, when the caskets are held.

have to be by some means not yet tried. The best plan suggested is that of having a garbage wagon. One trip a week would insure better results than are obtained under the present system. It is reported that the master will be brought up for discussion in the council tonight, and the public garbage wagon advocated. After it has been established and gotten into good working order, the services of sanitary officers and the cost attached, may be dispensed with entirely, and the drivers of the wagons required to swear out warrants against all who failed to comply with the law. The plan is well worth trying at any rate.

Some of the city council have lately been expressing more common sense than they were given credit for having. One is quoted as saying that in voting for street improvements hereafter he would consider the value of the proposed improvement to the public at large, and not the individual wishes of the property owner who has to pay for it. The question of who pays for sidewalks has been settled by the courts and whether right or wrong it will have to stand. Sidewalks are intended for the use and benefit of the public, not especially the man who pays for them, and when sidewalks are proposed, their necessity or advisability as a public improvement should be considered above the wishes of the property owner, who rightly or wrongly has to pay for them. This view of things is what makes a town. It is in the past more attention had been paid to public demands and less to private property. Paducah would today have miles of brick streets, would be thoroughly sewer'd and be a great deal larger and more up-to-date than she is now. A man in front of whose house there is no sidewalk has the advantage of being able to walk over miles of sidewalks in other parts of town that somebody else has paid for. When his locality becomes important enough demand a sidewalk, the sidewalk should be built; whether he willing or not. The people should not be deprived of enjoying the same benefits at his hands that he has enjoyed at their hands. The proper way to build up a city is to consider at all times in all things, the greatest good to the greatest number.

A Connecticut judge has decided that a Sunday shave in Connecticut is a necessity, just as a Sunday "eye-opener" in Kentucky is a necessity. He acquitted the barber, and said:

"We have come to an age when such matters must be considered with judgment and with common sense. People as a rule are extremely busy during the week, and when they go into a barber shop in an orderly manner to proprie the premises for the proper observance of the day, I do not believe that it could be considered a criminal offense."

The courts are slowly but surely, whenever the opportunity presents itself, administering justice to officers who are too hasty with their pistols. Some time ago a sheriff of Fulton county ordered two young men in a buggy to stop, mistaking them for some one else, but they kept going. He shot at them, and when the buggy was stopped a short distance away it was discovered that one of the occupants was dead. His administration brought suit against the officer and his bondsmen and got a verdict for \$3,000, which the sheriff paid; he affirmed, and the other's bondsmen will have to foot the bill.

The Louisville Commercial says that the Paducah Democrat's suggestion that Kentucky be so gerrymandered that "there will not be a remote idea of the Republican party controlling the legislature or anything else," is superfluous, as it could hardly be worse gerrymandered than it is at present.

The Philadelphia Record has started a boom for Indianapolis Yerkes for president, and it is said he will be backed by the Kentucky delegation in the next national convention. Commissioner Yerkes is one of the ablest men in the Republican party, and is universally popular.

Gol. W. J. Bryan is to deliver two Fourth of July orations next month. It is gratifying to learn that Col. Bryan has at last discovered his true self.

Natives of New Guinea devoured two missionary ministers and fourteen native teachers. Food must be scarce in New Guinea.

**BETTER SANITATION NEEDED.**

Some of the commissioners have announced their indorsement of the plan suggested in the Sun a short time ago for disposing of trash and garbage. This plan is to have a public garbage wagon, or as many of them as would be required to keep the alleys and gutters free from filth. In the business part of town, where alleys are scarce, the trash from the stores, as well as all kinds of trash and garbage are dumped into the gutters or onto the brick street. In other portions of town, the greater part of it is deposited in the alleys. The sanitary officers are powerless. They can only two of them to inspect the premises of over 30,000 people, and few of their notices are complied with. They order premises cleaned and the filth, if moved at all, is transferred from the store to the alley, and becomes a public instead of a private nuisance. The gutters rock with filth and the odor from the alleys ascend to high heaven. Several years of experience have convinced the authorities that if these nuisances are properly abated, it will

The following article is taken from the Columbus Citizen and as the little steamer Rock White mentioned in the article is well known here as being the most dilapidated specimen of anything approaching a steamboat ever built the Columbus Citizen's notice will appear comically amasing to the river fraternity of Paducah.

Rock White, a small excursion boat, owned by Dr. Hobbs, of Arlington, Rev. Hall, Tolton and Moore, J. N. Jones, and Ed. H. Ellis, of Kenwick, will make Columbia Headquarters. The boat is now here and undergoing repairs, and as soon as it is put in shape will be open to engagements.

The boat will be in charge of O. H. Smith, superintendent; J. N. Jones, Captain, and Ed. H. Ellis, engineer. The officers seem very afraid and the citizens believe by pursuing a courteous manner and offering reasonable terms, they will find this a good field in which to operate.

**Well Babies Are Good Babies**

MOST LITTLE BABIES DIE, either from bowel troubles or from diseases which they contract because they are in a weak and feeble condition from bowel troubles.

Mothers who are seeking the ideal and proper remedies to give their little ones will find LAXAKOLA the great family remedy.

It is the best and most effective laxative for children. LAXAKOLA is non-irritating and never causes griping pains, nor stimulates the bowels.

It is a dangerous thing to give little babies violent remedies that rattle and roar.

A few drops will give a gentle, painless, relaxing effect by expelling the wind and gas that causes it. It also will check simple fevers.

### MEMORIAL SERVICES.

LARGE CROWD AT OAK GROVE  
YESTERDAY AFTERNOON  
TO ATTEND.

The Odd Fellows' Memorial Services at Oak Grove Cemetery yesterday were attended by an immense crowd, and were most impressive. Dean's Band lead the way to the Cemetery, and the ceremonies were completed by the distribution of flowers on the graves of the deceased members by the following young ladies:

Little Miss Annie Morgan, Elsie Potter, Myrtle Morgan, Alice and Margie Coleman, Ethelred Tucker, Besse Kelly and Ura McCarty.

### NOTICE TO SUN

### DAY SCHOOL WORKERS.

The annual convention of the McCracken County Sunday school association will be held at Palestine church near Maxon's Mills on June 29, 1901. A splendid program has been prepared. Among the workers who will be present are Revs. G. W. Briggs, W. H. Pinkerton, G. W. Perrymann and J. C. Reid. Verily a feast of good things has been prepared for all lovers of the Sunday school cause.

There is no one quite so funny as the unconscious wits of the rural press. Here are a few scraps of the Brookport Eagle's special correspondence:

Mr. Neftzger and son Jas, made a flying trip to Paducah last Friday, and purchased a new buggy. Look out girls.

Jasper Judd made a flying trip to Paducah, one day last week and purchased a new buggy.

Why not wash your feet in Charlie Mitchell's new bath tub?

Frank St. John had the cramps Tues.

Mr. S. Doherty returned from Central Ill., where he had a position finding people.

Don't forget the new bath tub at the I. O. Barber shop.

A Bear Lodge was organized Tuesday night with eighteen members.

We are having some good rains which are good for the growing crops.

Fannie McBride and Miss Mira Riddle were riding around Sunday evening.

John Black went to Metropolis Wednesday to load up ties and give them to right.

Hugh Wilson has purchased a cow from Mrs. Jane Chalk.

Mr. and Mrs. William Sharp and Franklin Sharp and wife, and Mr. and Mrs. Johnson were callers at J. W. Sharp's Sunday.

Felix Dillard and Miss Florence Marshall were out driving Sunday evening.

A great many of our people were fishing last Sunday.

Mrs. Ada Matthews was a pleasant caller on Misses True and Vida Bagley Sunday.

Frederick Rankin is building a new house here.

Here is a snake story from the Benton Tribune. One of the hired hands on the farm of Mr. Smith, the hotel man, was plowing in the field the other day, and among the other things he had with him was a wagon wheel which was plowed in a furrow with dirt all around it to keep it from leaving the handle of the wagon.

Edward Huss, a well known business man of Salisbury, Mo., writes: "I wish to say for the benefit of others, that I was a sufferer from lumber and kidney trouble, and all the remedies I took gave me no relief. I was induced to try FOLEY'S KIDNEY CURE and after the use of three bottles I am cured."

J. C. Gilbert.

COWS, HORSES AND HORSES.

Beginning June 12, the police will be required to enforce the stock laws of the city. Keep your cows in at night and your horses and hogs at all times, day and night, or if missing, call at the public pound. If the police will not enforce the ordinances of the city, others will be sought who will do so. The city does not intent to prosecute without first giving notice. Jas. M. Lang, Mayor.

1015

This may sound a little snaky to some as it does to us, but if you don't believe it just ask the hotel man about it. There is nothing too strange to happen these days.

A. O. Blauchard, West Bangor, N. Y., says: "I have been troubled with kidney disease for the last five years. Have consulted with several physicians and got no relief until I used two bottles of FOLEY'S KIDNEY CURE."

J. C. Gilbert.

MARRIED AGAIN.

The Courier-Journal reports that E. G. Woodward and his wife, Mrs. Mary Woodward, were remarried at that place Friday. He is the gentleman who was here searching for her about the time of the Carnival, and about whom there was a great deal said in the papers at the time. She had formerly done newspaper work in Chattanooga, Tenn.

QUICK RELIEF FOR ASTHMA.

Miss Maude Dickens, of Parsons, Kan., writes: "I suffered eight years with asthma in its worst form. Had several attacks during the last year and was not expected to live through them. I began using FOLEY'S HONEY AND TAR and it has never failed to give immediate relief."

J. C. Gilbert.

### DEAL CLOSED.

THE IRON FURNACE HERE WILL  
BE IN OPERATION WITHIN  
A MONTH.

The deal involving the Paducah Iron Furnace has been beyond a doubt settled and within one month, it is stated on good authority, the furnace will be in operation. Messrs. Frank Eagles, of Milwaukee, and Wade Taylor, of Niles, Ohio, who were several days ago looking over the plant, are the purchasers, and will start it soon as possible.

### COURT AT MAYFIELD.

Circuit court began today at Mayfield, and there are 529 cases on the equity docket; 218 criminal, 83 common law, 79 common law and equity appearances, and 151 old equity cases.

### SUITS FOR DIVORCE.

Mrs. Lizzie Augustus has filed suit in circuit court against David Augustus for divorce and the custody of Adam, their three year old child. She alleges cruel treatment and non-support.

Cora Blizzard sued George D. Hixson for divorce on the ground of alleged cruel treatment and abandonment and asks for a restoration to her maiden name Cora Johnson, and the custody of their four year old son, May.

## KAISER WILHELM VISITS AUSTRIA

### No Significance in the Meeting of Two Rulers.

Ambassador Reid Preparing to Entertain Mrs. Longworth and Her Husband.

### AGRARIAN SCHEME PROPOSED

Vienna, June 6.—Kaiser Wilhelm arrived today for a visit with Emperor Francis Joseph. There is no momentous political significance in the visit. It is unlikely any important political speeches will be delivered during his stay in Austria.

To Meet the King.  
London, June 6.—Ambassador Reid is preparing a round of festivities for the entertainment of Congressman and Mrs. Longworth during their stay here. The chief event will be a dinner June 12. When King Edward and members of the other royal family will be present. The king has expressed a wish to meet the president's daughter. The dinner will be the most noteworthy of the season.

Another Agrarian Scheme.  
St. Petersburg, June 6.—Another scheme for the solution of the agrarian problem was offered today by members of the labor party in the duma. The plan is to entrust all agrarian difficulties to a local committee elected by the people of the various localities in which they operate.

### TENT MEETING.

Meeting With Success and Gaining in Interest.

The protracted meeting under the tent on South Fifth street, near Jackson street, held by the congregation of the Third Street Methodist church, is growing in interest with each service and large crowds are attending both day and night. Rev. H. L. Davenport, of St. Louis, is assisting the Rev. Peter Fields in the work, and is delivering some strong and searching sermons. "Keeping Close to Jesus" was his theme last evening. The singing is in charge of Mr. Haag and is a fine feature.

RECRUITS  
Sword in His Lieutenant Reed, of Evansville, Today.

Lieut. William L. Reed, of the Evansville recruiting office, came down on the Joe Fowler today and swore in the following recruits: William F. Sivils, Hampton, Ky.; Joe M. Cathran, Gilbertsville, Ky.; Kinchen W. Barber, Linden, Tenn. All will be sent to Jefferson Barracks, St. Louis, tonight for training. One recruit was rejected on account of impaired vision.

Recoveries on the Bond.  
Frankfort, June 6.—The appellate court upheld the judgment of the Lyon circuit court in the case of the United States Fidelity and Guaranty company against John Boyd. The appellant was surety of S. N. Leonard in a supersedeas bond executed by him to supersede a judgment in favor of the appellee. The judgment against Leonard was affirmed and the appellee sued on the bond, recovering \$3,821.

John C. New Dies.  
Indianapolis, Ind., June 6.—John C. New, for many years proprietor of the Indianapolis Journal, died of dropsy at his home late yesterday afternoon. New was a life-long friend Benjamin Harrison and was consul general to London under the Harrison administration.

Will Reorganize Bureau.  
The president is going to reorganize the bureau of animal industry department because he believes it is absolutely incompetent, and about on a par with the steamboat inspection service prior to 1904.

Winter Wheat Yield Fair.  
Carefully collected reports indicate that the winter wheat yield this year will be at least fair. Only a wet harvest season remains a possible drawback.

Fourteen Examined.  
Of the twenty authorized only fourteen took the examination at the post office today for clerks and carriers. There is a vacancy in this city.

The circulation of The Sun for May averaged 4,000 a day. When you advertise in The Sun you know what you are doing—you are not buying space, but circulation.

### GREAT GROWTH OF TRADE.

Between United States and China in Past Decade.

Washington, June 6.—The trade of the United States with China, says a bulletin issued by the department of commerce and labor, shows a very rapid growth during the past decade, especially in exports to that country, though the imports also show an increase. Total exports to China in 1895 were \$3,703,922, and in 1905, \$58,574,793; the total imports were in 1895 \$21,842,860, and in 1905, \$28,112,811.

### POISON PICKLES KILL TWO.

Fatalities in Nebraska Follow the Eating of Impure Food.

Broken Bow, Neb., June 6.—Howard Athey, aged 26, and a girl of 14 years, named Swick, living near here, died in convulsions last night after a few hours' illness. The doctors who were summoned attributed the deaths to poisoning as a result of eating pickles. The liquid in which the pickles were preserved has been sent to Omaha for analysis.

## MET STRANGER

### AND CLUNG TO HIS COMPANY, THEN MISSED HIS WATCH.

Booneville, Ind., Man Has Experience With New-Found Friend in Paducah.

The "bite of the serpent" was experienced by Adrain Robinson, a man trailing from Booneville, Ind., who arrived in Paducah yesterday and absorbed some of that joyous feeling so popular with strangers who are with Wilhelm, King Edward and the czar. The attempt on the life of King Alfonso last week is said to have been part of this general plot.

Gorman's Successor.  
Washington, June 6.—The three most prominently discussed men for appointment to fill the unexpired term of Senator Arthur Rue Gorman of Maryland, whose death occurred this morning, yesterday morning, are Attorney-General William Bryan, ex-Governor Smith and Arthur Rue Gorman, Jr., Governor Warfield will probably make the appointment at an early date. Senator Gorman's term does not expire until 1909, and his successor cannot be elected until the next session of the legislature, which is 1908.

Brother AP' Named.  
Knoxville, Tenn., June 6.—"Anti Brownlow" Republicans of the First congressional district of Tennessee this afternoon nominated the Hon. A. A. Taylor as their candidate for congress against Mr. Brownlow, who was recently renominated. Mr. Taylor represented this district in congress in the eighties. He is a brother of ex Gov. Robert L. Taylor, the Democratic senatorial nominee in this state.

### INVOICING

Retail Stock of Scott Hardware Company Before Transfer.

The stock of the retail department of the Scott Hardware company is being inventoried preparatory to the assumption of that department by the L. W. Henneberger company, which will operate the business in the future. The Scott Hardware company will do a wholesale business strictly. The variety of the hardware stock will make the job of invoicing last several days, at the end of which the new concern will take charge.

### Abolish Death Penalty.

St. Petersburg, June 6.—The possibility of a conflict between the lower house of parliament and the government over the abolition of the death penalty, according to the Reich has been alleviated by the decision of the ministry to support such a measure due to the initiative of Minister of Justice Cheteglovoff. It is doubtful, however, that paper says, whether this will extend to cases under martial law which is exactly the point desired by the house.

Fourteen Examined.  
Of the twenty authorized only fourteen took the examination at the post office today for clerks and carriers. There is a vacancy in this city.

## NO CANNED MEAT FOR GUARDSMEN

### Ohio General Says Boys Must Eat Good Bacon.

Coal Operators Discharge Guards and Depend On State to Protect Property.

### STRIKE BREAKERS ARRIVING

Smithfield, O., June 6.—The Ohio militia guarding the mines, will not be fed on canned meats. "It would not allow tin-canned meat to be brought into camp," declared Brigadier General Speaks today. "We brought us rations the best break last bacon that can be bought."

### Guards Are Discharged.

Dillonville, O., June 6.—It has rained almost incessantly since the troops arrived in the district yesterday. Consequently, little progress has been made in establishing camps. The companies are living in cars. With no prospects of active service, the soldiers are disgruntled. The sheriff and state authorities are concerned for having ordered them out when, in their opinion, there is no justification for the move. The United States Coal company has released the entire force of guards. Troops are now protecting the mining property as well as residences of the company officials. The discharged guards have entered suits for their salaries.

### Strike Breakers Arriving.

Hartley, O., June 6.—Strike breakers were sent into Hartley mines this morning to put it in shape for work. Supt. Stiff says 300 non-union miners will arrive today to be put to work.

### IDA TARBIFF TO AID.

Will Assist Ohio Independents at the Cleveland Hearing.

Cleveland, June 6.—Miss Ida E. Tarbell, will nobly assist the National Petroleum association in the further prosecution of the Standard Oil company. She has agreed to be present and advise as to what counsel should be retained for cross-examining the Standard's witnesses at the Interstate commerce commission hearing here June 14.

## STOLEN GOODS

### ALLEGED TO HAVE BEEN RECEIVED AT CALVERT CITY.

Arrested On Warrant From Marshall County and Taken to Benton—Glad to Go.

Edward Atherton, of Calvert City, Marshall county, was arrested this morning by Constable A. C. Shelton on a warrant issued from Marshall county, charging him with knowingly receiving stolen goods. It is alleged that Atherton, who is yet in his teens, received money from Lloyd Dowdy, 13-year-old boy, who is alleged to have stolen \$14 from his father, Dempsey Dowdy. Atherton this afternoon declared that he did not receive any of the money and was perfectly willing to return to trial. Sheriff Pete Ely, of Benton, Marshall county, arrived this afternoon and took the boy to Benton to stand trial.

### Buried By Her Master.

Lexington, Ky., June 6.—The will of the late Maj. Harak G. Thomas provides that Maj. Thomas' old negro housekeeper, Margaret Pryor, who inherits nearly all of his property, shall be buried by his side.

### Adjourned Sine Die.

Memphis, Tenn., June 6.—After a four weeks' session the seventh biennial convention of the Brotherhood of Locomotive Engineers adjourned sine die yesterday afternoon to meet in Columbus, O., two years hence.

### LOUISVILLE POSTMASTER.

Washington, June 6.—Robert E. Woods, a young attorney of Louisville, an active Republican, but aligned with no faction, was appointed postmaster at Louisville to succeed Dr. T. H. Baker.

## STATE INSTITUTE WILL BE INVITED

### McCracken County Farmer Will Meet Here Saturday.

Saunders Fowler and Charles Lamont Will Tell What They Saw At Villa Ridge.

### KENTUCKY BERRIES ARE BEST

Plans for capturing the State Farmers' Institute for next year will be put on foot at a meeting of the McCracken County Institute, which meets at the court house in Paducah, Saturday afternoon, June 9, at 2 o'clock.

The executive committee of the state institute, which will choose the place for the holding of the meeting meets at Louisville, June 12 and McCracken county probably will send a delegation to Louisville to urge the claims of this city for the meeting.

The state institute is attended by the most progressive farmers of Kentucky and the commissioner of agriculture secures the best speakers and most scientific agriculturists in the country to address the farmers. For this reason the bringing of the institute to Paducah will be of incalculable benefit to the farmers of McCracken county, who without expense will be enabled to attend the sessions and listen to the speeches.

At the county meeting Saunders Fowler and Charles Lamont, who went to Villa Ridge, Ill., and investigated the method of raising and disposing of berries and fruit will report to the institute what they saw. Mr. Lamont said that while berries were selling on the market in Paducah for 75 cents they were selling in earload lots at Villa Ridge for \$2 per crate. The McCracken county berries he said, are a better quality.

A large attendance Saturday is expected.

### NIAGARA BILL PASSED.

### Suspension of the Rules Invoked for the Purpose.

Washington, June 6.—The bill for the control and regulation of the Niagara river and the preservation of Niagara Falls was passed by the house today under suspension of the rules.

## ON COMMITTEE

### KENTUCKY IS REPRESENTED IN IMMIGRATION COMMISSION.

D. W. Coons, Secretary of the Commercial Club, is Recognized by Association.

New York, June 6.—At the first session of the Southern States Immigration Commission, which has just been organized, D. W. Coons of Kentucky, was chosen as a member of the executive committee. James E. Graybill, of Georgia, was elected temporary chairman of the commission.

### ARCTIC TRIP

Explained By Walter Wellman Before French Society.

Paris, June 6.—Walter Wellman, the American Arctic explorer, lectured tonight before the French Meteorological society. The lecturer declared that his expedition was the first one based on study of Arctic meteorology. The Arctic region, Mr. Wellman declared, was more favorable to air ship work than France and the United States, because of the constancy of the temperature about zero and continuous daylight, and also because of the practicability of using guide ropes and other drag anchors. The Wellman expedition, he said, will utilize the true seamanship of the aerial sea and not depend on a rite as Andre did in his aerial attempt.

### SHANTY-BOAT LICENSE.

Warrants were issued today against several shantyboat owners who have not gotten on a state license to operate their boats. It is the intention of the county authorities to compel all shantyboat owners who do not secure a license before Saturday night, to leave McCracken county.

### THE WEATHER.

Fair and continued warm to-night and Thursday is the forecast. The highest temperature reached yesterday was 87, and the lowest reached this morning was 73.

### \$1,243,000 TO FRISCO.

Funds for Relief of Earthquake Sufferers Not All Forwarded.

New York, June 6.—In view of the wide-spread impression that over \$15,000,000 have been sent to San Francisco from different parts of the country for relief, a dispatch was made public today by Herman Oelrichs of New York, that had just been received from James D. Phelan, chairman of the finance committee in the stricken city, saying the actual cash receipts to date were \$1,243,000.

### PEEK-A-BOO WAIST UNDER WAY.

Friar Tells Women to Go Home and Take Off Filmy Dresses.

Rochester, Pa., June 6.—"I want no unseemly show of vulgarity in the house of God," announced Rev. Father George M. Schoener, pastor of St. Cecilia's Catholic church, last night.

"Young women go home, take off those bathing suits. This is no bathing resort," he continued. And the women with "peek-a-boo" waists bowed their heads in blushes.

## INSPECTION

### INVITED BY ASSOCIATION OF CHICAGO PACKERS.

Have Had Army of Men at Work Remediating Evils Complained in the Report.

Chicago, June 6.—Associated packers in Chicago papers this morning publish full page display advertisements addressed to all of the people of the world, particularly visitors from abroad in the city, inviting personal inspection of their plants and processes of preparing food. Since Monday morning men have worked day and night to remedy evils exposed by the Neill-Reynolds report.

### CHEEKS AND BISSES.

Greet Mention of Senator Penrose's Name—Stuart Is Safe.

Marietta, Pa., June 6.—The Republican state convention for the nomination of candidates for governor and lieutenant-governor, attorney general and secretary of state, met today. When the name of Senator Penrose as delegate was read to the convention it broke into a storm of applause and hisses. There is little doubt that Edwin S. Stuart, of Philadelphia, will be nominated for governor. Penrose appears to have a majority of the delegates.

### GATE STRUCK.

And Six Children Are Hurt or Killed in Fall.

Hertram, Tex., June 6.—Six children of William Crawford were sitting on a gate last evening when it was struck by lightning and fell to the ground. One was killed and the others were restored to consciousness with great difficulty.

### TO EDGE OF NIAGARA.

Man Was Swept Out Clambered On a Rock.

Niagara Falls, N. Y., June 6.—Early this morning a man waded into the Niagara river about 100 feet above the brink of the precipice. He was swept toward the falls twice, but struggled to his feet and at last caught on the rocky ledge, barely ten feet from the falls. He finally was rescued but refused to give his name.

### CHIEF OF CONFEDERATE STAFF.

New York, June 6.—Col. Andrew Glasser Dickenson died yesterday at his home here. Mr. Dickinson was born in Bowling Green, Caroline county, Virginia, April 16, 1825. At the age of nineteen years he went to the southwest, where he began a commercial career remaining until the outbreak of the civil war. During the war he held the place of chief of staff in the confederate army, under Gen. J. B. Magruder. He was one of the commanding officers of the assaulting party which captured the United States war steamer Harriet Lane.

## HARNESS THIEF MAY BE ARRESTED

Chief Collins Believes He Has the Right Man.

John Polk, Colored, Identified as Having Disposed of Some Stolen Property.

### PRISONER DENIES THE CHARGE

In the arrest of John Polk, colored, residing on South Tenth street, the police think they have captured the "harness thief" who has been looting stables for the past two months.

Polk was arrested this morning by Officer Scott Ferguson and Ernest Hill near Eighth and Harrison streets. He was identified as the negro who sold a set of harness to Henry Coleman, the dairyman. The harness was later identified by M. M. Tucker as his property. It had been stolen from his stable on a short thoe.

Today's Schedule.

Jacksonville at Paducah.  
Mattoon at Cairo.  
Vincennes at Danville

The Hyphens beat the Indians in a rugged game at Wallace park yesterday afternoon, the first of the present Jacksonville-Paducah series, and it was anybody's game until the close of the ninth inning.

Allen did not have anything to speak of, but held hits down to six. Miller might have pitched better ball had he been able to control his steam, but every inning a score was made it was where a man either walked or was struck by the ball.

It was a piece of bad luck. The Indians were crippled in a measure, Gilligan being out of the game, called away on account of his wife's illness, but Ben Nippert played a good game on second sack.

The visitors scored first in the second inning. Lutshaw was struck by the ball and advanced to second on a wild pitch. Hagel sacrificed and Bertie bunted to Miller, who "footed" the ball out of the diamond; Lutshaw scoring and Bertie making safe. The next two were retired without trouble.

The Indians tallied in this inning. Wetzel singled and went to second on Belt's wild throw. Lloyd singled and Taylor scored on the hit. The next three were retired without ease.

In the third inning the Indians scored again. Wetzel walked after two were out and Lloyd singled. Taylor doubled and Wetzel scored. Perry failed at three, retiring the side.

The Hostlers evened it up in the fourth. Hughes walked and Lutshaw sacrificed. Hagel grounded out and Bertie's single scored Hughes. The side was then retired.

The winning run was made in the sixth. Hughes singled and Lutshaw fanned. Hagel singled, stole second and Bertie walked. Belt hit to Wetzel and the latter let it get away, the winning run scoring. The side was then retired.

### A Heavy Load to Carry.

Along with dyspepsia comes nervousness and general ill-health. Why? Because a disordered stomach does not permit the food to be properly digested, and the body is not supplied with the right kind of blood. The blood is charged with poisons which come from this disordered digestion, and in turn the nerves are not fed on good red blood, and we see symptoms of nervousness, sleeplessness and general breakdown. It is not head work, nor over physical exertion that does it, but poor stomach work. With poor, thin blood the body is not supplied with the right kind of blood to sustain the body, and the result is a general state of grip, bronchitis and consumption. Fortify the body at once with Dr. Pierce's Golden Medical Discovery—a rare combination of native medicinal roots without a particle of alcohol or dangerous habit-forming drugs.

A little book of extracts from prominent medical authorities extolling every virtue contained in the "Golden Medical Discovery" will be mailed free to any address on request by postal card or letter. Address Dr. R. V. Pierce, Buffalo, N. Y.

Many years of active practice convinced Dr. Pierce of the value of many native roots as medicinal agents and he went to great expense, both in time and in money, to secure them. He has found them so effective that he has sold them to thousands, rendering them both efficient and safe for tonic, alterative and rebuilding agents.

The enormous popularity of "Golden Medical Discovery" is due both to its scientific compounding and to the actual medicinal value of its ingredients. The publication of the names of the ingredients on the wrapper of every bottle sold, gives the consumer full information and removes all objection to the use of an unknown or secret remedy. It is not a patent medicine nor a secret one either. This fact puts it in a class all by itself, soaring as it does upon every bottle wrapper. The badge of Honesty, in the full list of its ingredients.

The "Golden Medical Discovery" cures, what no other medicine can. It cures torpid liver and biliousness, inflammation of stomach and bowels and all catarrhal affections no matter what parts of organs may be affected by it. Dr. Pierce's Pleasant Pellets are the original little liver pills, first put up 40 years ago. They regulate and invigorate, stomach, liver and bowels. Much imitated but never equaled. Sugar-coated and easy to take as candy. One to three a dose.

Hitting but it counted for little, the visitors showing up pretty well with the stick.

Umpire Bush quit the game yesterday. He refused to umpire because he got "called down" by President Gosnell. Bush has done good work except in the first few games. At Mattoon several days ago the manager of the Hoosiers, Eddie Kolb, was fined by Bush for disobeying ground rules, and Bush claims that Kolb was instrumental in getting him called down. Gosnell, it is alleged, accuses Bush of being partial, and not in favor of the so-called "Champs."

Lloyd is after four men to secure one good one. "I have four fine infielders on the string and hope to land one of them," he stated. "I do not desire to give names but I will have a perfect infield all right."

It is said that Eddie Gilligan is not coming back to Paducah.

Big Dan Wright will pitch today.

## Drink Belvedere, the Master Brew Made in Paducah for You

The remarkable increase in the sale of Belvedere attests the quality of this beer.

We believe it is the best beer made; competent judges say so, but we leave that for you to find out.

We don't ask you to use it merely because it is a Paducah product, however that fact should have weight.

We want it to owe its favor to its quality--to stand on its merit.

Next time--EVERY TIME--drink Belvedere, the Master Brew.

## TO SCRAP HEAP WITH OLD MEN

**Exclaims Speaker Before the Medical Association.**

Some Gray-Headed Doctors Depart, But Hutchinson Clings to His First Assertion.

WOULD DIE IN THE HARNESS

Houston, June 6.—"After men have drunk of life to the limit, and after every bit of their vital energies has been used up, I believe that they ought to go to the scrap heap," declared Dr. Woods Hutchinson in a talk at the convention of the American Medical association. Many of the physicians who are delegates to the convention are of advanced age, and protests came from all parts of the hall. Dr. Hutchinson, who is head of the Red Plains Sanatorium in California, refused to yield in the stand he had taken.

"It is a lamentable spectacle," he continued, "to see an old man clinging to life with termination, when his facilities are greatly impaired. He is only occupying the place that should be given over to a younger man."

"For instance, if I have a patient who has no organic disease, and it is just a question of time when death must ensue, I advise that patient to go in and work hard in whatever he is interested in and be working when the thread of life snaps. Perhaps that patient could, by dragging along, live ten years. I tell the man to be energetic and, even if it ends his life in three years, he dies in the harness instead of dragging out a miserable existence."

When asked if he believed in Dr. Osler's views, Dr. Hutchinson said:

"Yes, I do. Of course, he has been misquoted and misunderstood. He did not advocate chloroforming people at the age of 60, as some people think, he did. He simply thinks that most of life's effective work is done before reaching that age. I agree with him, and I think young men should have a chance to show their ability."

### Low Rates to the Home Coming.

On account of the home coming for Kentuckians, Louisville, Ky., the Southern railway will sell tickets from all of its stations to Louisville at rate of one first-class fare plus twenty-five cents for the round trip on June 11, 12 and 13, with return limit of June 23, 1906. An extension of this limit may be obtained to lenvo Louisville not later than thirty days from date of sale, by depositing ticket with the joint agent and making payment of fifty cent fee.

An elaborate program has been arranged and the occasion will prove an exceedingly interesting one to all Kentuckians. A number of special trains have been arranged for from St. Louis, Kansas City, Denver, Texas and other points in the west, southwest and southeast and a large number of ex-Kentuckians will return to their native state to visit old friends and relatives. Home coming will be held at a number of points throughout the state. In order to enable those who desire to attend these celebrations, tickets will be sold from Louisville to points in Kentucky on June 16, 17 and 18, to original purchasers of round trip tickets to Louisville account of the home coming, at rate of one first-class fare plus twenty-five cents round trip, minimum fifty cents, with return limit of July 23, 1906.

Joe Wood, private detective for the Palmer hotel, is off for a few days and Deputy Marshal Wade Brown was secured for the place. Mr. Brown has served all papers and warrants in his hands. Marshal Brown served his first night as a private hotel detective last night.

## MANY TEACHERS

### WILL ATTEND NORMAL SCHOOL DURING THE SUMMER.

**Postponement of Election By Board May Delay Plans of Some of Them.**

The action of the school board by postponing the election of teachers, necessitated by the illness of Supt. C. M. Leib, will cause a slight delay to some teachers who desired to leave immediately after the close of school for colleges and summer normal schools for training in their work.

There are many Paducah teachers who contemplate going, among them being nearly the entire faculty of the high school. The list in part has been published, but a more complete list was furnished this morning. Some will go to Chicago, some to Virginia, some to Nashville and some to St. Louis and other cities, the place being selected later.

The list is as follows: Supt. C. M. Leib, Principals E. G. Payne, S. J. A. Haggard and Miss Ada Brumeton, C. L. Woodbury, Misses Mamie Noble and Susan E. Smith, W. E. Everett, Misses Louise Deidrich, Blanche Ingram, Lucy Moore Mahel Roberts and Sue Atchison, W. H. Sugg and Miss Mary Gray Cummings.

### FIREMAN PARALYZED.

**Pads From Mulberry Tree and Alights On His Head.**

Henry Voight, bremen on the towboat Willford, is lying at his home in a serious condition, the result of a fall from a tree yesterday. The young man was climbing a mulberry tree 40 miles above Paducah on the Ohio river yesterday when he fell and sustained serious injuries. His head struck in the descent and he is suffering from concussion. He is paralyzed from his hips down. Dr. J. D. Robertson dressed the injury as soon as the young man reached Paducah.

### GENERAL BAPTIST ASSOCIATION — RICHMOND, KENTUCKY.

On account of the General Association of Kentucky Baptists the Southern Railway will sell excursion tickets from stallions on its line in Kentucky to Richmond on June 24 and 25, with final return limit of July 5, 1906, at rate of one fare plus 25 cents for the round trip. The Southern Railway has two trains daily for Richmond in connection with the L. & N. railroad from Versailles. It is expected that all of the Baptist delegation will leave Louisville at 3 p.m. June 26, reaching Richmond at 8:05 p.m. same date.

If desired this train can be taken at Fourth avenue at 3:50 p.m. This party will be joined by Baptists from Shelbyville, Lawrenceburg and at other points en route. It is expected that the party will be sufficiently large so that arrangements can be made to run coaches through from Louisville to Richmond without change. This train leaving Louisville at 3:30 p.m. is a daily train. Morning train leaves Louisville at 6:30 a.m. daily reaching Richmond at 11:15 a.m.

A number of Baptists from Owenton and other points in the western part of the state will also join the party, leaving Louisville on the 26th.

Tickets and additional information can be secured by enrolling on A. R. COOK, G. P. & T. A., 234 Fourth Ave., Louisville, Ky. C. H. HUNTERFOORD, D. P. A., 234 Fourth Ave., Louisville, Ky., or any agent of the Southern Railroad.

Run Away With His Wife.

Henry Bradshaw, colored, complained last night to James Collins, chief of police, that Dallas Lee, colored, had run away with Bradshaw's wife and was in Cairo with her. No prosecution followed, the negro failing to take out a warrant.

Mr. Hirshfeld's Aunt Dead.

Morris Hirshfeld yesterday received a telegram announcing the death of his aunt, Mrs. Bertha Summerfield, at Louisville. She was 60 years old and had been ill for some time. Mr. Hirshfeld will go up today to attend the funeral.

## ROUTINE MATTERS KEEP BOARD BUSY

### SCHOOL TRUSTEES DO NOT TAKE UP ELECTION OF TEACHERS.

**Superintendent Leib's Illness Develops Into Measles and Mumps—No Report.**

### MEET NEXT WEDNESDAY NIGHT

A few principals attended the meeting of the board of education last night, thinking that the matter of selecting teachers for the next terms would come up, but on account of the absence of Supt. C. M. Leib, who is ill of measles and mumps, the matter was postponed until Wednesday night when the board will meet in adjourned session.

Trustees Hynd and Morris were absent, Trustee Gallman coming in late.

The finance committee, reported a balance of \$8,414.65 in the treasury at the close of the month of May.

Regular salaries, amounting to a total of \$2,594.17, were allowed.

The report of Fred Moye, building superintendent, was filed.

The committee on arrangements for the commencement reported that it had engaged The Kentucky for \$75 the night. The action was ratified.

The report of the secretary in regard to a garnishment against a teacher was read. The garnishment had been lifted, the teacher winning the suit in court.

M. H. Gallagher notified the board that it had fenced in two feet of his property on South Sixth street. The trustee was referred for investigation.

The meeting was adjourned until Wednesday night, June 13.

### VICKERS' ELECTION.

**Majority of Nearly Three Thousand Confirmed—Small Vote.**

Later details concerning the judicial elections in Illinois Monday only confirm that Judge Vickers' majority will be about 3,000 in the twenty-four counties comprising this district.

### Want Fair Election.

A committee of leading Panamans reached New York yesterday on their way to Washington to secure the mediation of the United States government toward a fair election in Panama.

### FOUNDRY

### WOULD BE BUILT HERE BY HARRIMAN INTERESTS.

**Paducah Might Benefit in Absorption of Illinois Central by Union Pacific.**

The question of the controlling interest of the Illinois Central railroad system is of vital importance to Paducah, this having leaked out this morning through an unexpected source. If the Union Pacific road really secures control of the Illinois Central next year, as some claim it will, it will mean a big improvement in the shops and will bring an industry here employing many men.

"If the Union Pacific road really controls the Illinois Central and takes charge and runs it next year," a railroader man acquainted with the inside facts of the matter stated this morning, "it will mean a big foundry here in addition to the already large shops." The Illinois Central has a small foundry here, in the rear of the roundhouse, but only the lightest castings are made. The road sends all the patterns for heavy castings to Chicago.

The matter of ownership of the Illinois Central has puzzled the public for some time, first a statement affirming the report that the Harriman interests control it being circulated only to killed by a counter statement from some other source. It was not, however, considered a matter of importance to Paducah until the statement this morning.

In fact from indications the Union Pacific will make wonderful improvements, if it gets hold of the road for active operation.

## NEEDS CITY HALL

### OF LARGER GIRTH Paducah's Offices Are Too Crowded for Records.

**Many Schemes Suggested From Extension to Structure on Entirely New Site.**

### COUNTY AND CITY BUILDING

Paducah needs a new city hall. This fact is so apparent that the majority of citizens have taken it for granted and forgotten about it. Not only is the present building unsightly, but it is too small and the proposed plans for remodeling the interior were abandoned, because it simply has not the capacity to accommodate the city's business.

This especially is noticeable on the second floor, where the city auditor, city treasurer, city clerk and tax collector are all crowded into two little ante-rooms, which together would be no more than sufficient to accommodate any one of the officials conveniently.

The auditor, clerk and treasurer have numerous large books, besides other records, which they must keep open to citizens at all times, and among these books the officials and their assistants must work. As the city grows older and larger these records necessarily accumulate until soon their disposition will be a problem.

Several plans for remedying the conditions have been suggested. The city owns property to the east of the building on which a row of old frame structures now stand. The building might be extended by the addition of an east wing but that would necessitate the complete alteration of the interior of the present structure. The offices now are so situated that they could not be arranged in suites with the rooms of an addition, and the additional space would not be available without tearing out the interior.

The city hall is a cheaply constructed affair and objection would be made to spending any more money on it. It is suggested that as the city has sufficient property at Fourth street and Kentucky avenue a new city hall might be built there.

Some of the city officials object to this because the city has grown past that section, and it is neither conveniently nor attractively located. A location more in the heart of Paducah, as she is growing, is advocated by those who object to the erection of a handsome building in a neighborhood where it would never appear to the best advantage.

### A Joint Building.

City Treasurer J. J. Dorian has a scheme in mind: That of the city and county going together and erecting a joint county and municipal building on the court house site.

"In that way," said Mr. Dorian "we could have a fine building at a minimum cost on the court house lot, one of the handsomest and best located in Paducah. I think terms can easily be arranged. The court house could occupy one side and the city hall the other side. I can see no objection to such an arrangement."

Another plan is the purchase from the school board of the Longfellow school property at Fifth street and Kentucky avenue. The school board is trying to sell the property. The school is a better appearing building than the city hall, and if it can not be utilized it is argued that the corner offers a suitable site for a city hall for generations to come.

Some object to the joint county and city building on

## Daily Thought.

"To be ashamed to work is the disgrace of the degenerate."

"Local and outside capital is interested in the development of Kentucky's resources as never before, and some of the enterprises under way are of the first magnitude. There is much remaining to be done before the hill lands have reached the development the bluegrass section has so long enjoyed."—Manufacturers' Record.

Heroin lies one of the errors the people of the Purchase must overcome. It is the bluegrass and the mountains, to the outsider. Unsung of story and verse the Purchase is outstripping every other section of the state, but how much faster she could grow if only her advantages were advertised to the world. The excerpt is from an editorial speaking of the possible results to Kentucky when all the gossips of home coming will carry away with them reports of the marvelous growth and development of their native state. It behoves Paducah citizens to hasten to furnish names of former residents to the Commercial club, that they may be invited to Paducah June 19 to see how this city has grown. Then the citizens should see to it that they co-operate with the Commercial club in its campaign of systematically keeping Paducah's advantages before the world.

The California doctor may hold to his views about the age limit, but the "old man" who has stuck to his post and worked up while a young man until he has made himself an indispensable part of the business, is in no danger of anaesthesia. Isn't all this talk about age limits and "has-beens" rather silly, not to say cold-blooded, coming from members of a profession, half of whose art lies in gentleness and whose services we engage to preserve our lives—not to tell us when it is time to die?

## Masterless Workmanship.

Most diseases are of spinal origin. That is a characteristic generalization of Osteopathy in a nutshell, and is a contention that has never been disproved.

The Osteopathic diagnosis, and treatment are new and original, and its percentage of cures have attracted wide attention. This is history that cannot be successfully challenged.

We apply in new way and with new force, old principles that are a part of the recognized, but theoretical teachings of every school of practice, but in an unscientific form.

You cannot study the anatomy of the spinal column without marveling at how so seldom gets out of order. It is the most matchless piece of workmanship in all mechanics, and the wonder is that it should, sometimes, from the way it is abused, do its work at all.

By all laws of physics, the spine is liable at any moment to get out of order; it is subject to slips, wrenches, pressures, deadlocks, sprains, contractions and congestions—all of which will set up disorders—all of which require only an intelligent engineer to adjust to relieve and cure.

The Osteopath is that engineer.

In just a few moments I can easily explain to you why and how Osteopathy is achieving such a wonderful success in curing all kinds of chronic and acute illnesses and I shall take great pleasure in doing so.

Just now you may have a touch of the Spring ailment, to which we Paducahans are heir. If so, let me tell you how easily, how quickly such ailments yield to the Osteopathic treatment.

## PADUCAH DEPARTMENT

## Praised By Representative of Fire Engine Company.

Mr. T. H. Polglase, of Chicago, representing the American La France Fire Engine company, is in Paducah en route south and made an inspection of the Paducah fire departments.

Mr. Polglase sold the city the new chemical wagons and the old truck which was bought thirteen years ago. This is the first time Mr.

Polglase has been in Paducah for two years and the improvements he stated were wonderful. "You have a sure enough fire department now," he declared, "and you will not find a better equipped or manned department of its size in the country I am thinking."

The visitor was high in his praises for the firemen. He has witnessed several runs made by the companies and considers them as fast as any he has ever seen.

## J. C. Owen.

J. C. Owen, 75 years old, a Confederate veteran, died of general debility in Tyler at 12 o'clock last night. The deceased was born in Salem, Ky., and had been in Paducah nine years. He is survived by two sons and one daughter.

The body will be taken tomorrow morning to Carrsville, Ky., for burial.

The condition of the upper Ohio is still against any prospect of coal-boat water. The rise at Pittsburgh was but for a day and not sufficient to float the big field of coal over the low places, and it has given place to a decline which promises to hold on a while. Cincinnati and Louisville reported a decline. At St. Louis the rise continues.

At Alton, Ill., Monday the excursion steamer City of Providence was struck broadside by a gale and hurled against Eluent's wharf, wrecking that and two private yachts. There were 300 passengers, the larger part children, on board. A panic was prevented possibly by the presence of mind of the leader of a military band on the boat. He started the band to playing, thus diverting the minds of the children. The steamer was not injured to any extent. The loss to the wharf and yachts was \$12,000.

The Jim Lee arrived yesterday from Memphis to go on the ways here or repairs. The T. H. Davis and the steamer Natchez are on the ways at present and the James Lee will have to wait until the Davis goes off.

The Kentucky will come out of the Tennessee river Thursday night and be over until Saturday evening before starting on the return trip to the Tennessee river.

Captain J. B. Smith, of Brockport, is in the city today.

The Georgia Lee on her last trip up from Memphis to Cincinnati had a strenuous time and was up against bad luck on several occasions. Just above Caseyville she burned her boilers and was forced to go on half steam. A few hours later she struck on the shoals above Shawneetown. The crew succeeded in getting her off and she made slow headway to Evansville, where her boilers were repaired temporarily. She left that place early Sunday for Cincinnati.

#### Beautiful Ceremony.

The wedding of Miss Henriette Koger and Dr. Vernon Blythe, which was solemnized last evening at 8:30 o'clock at the Broadway Methodist church, was especially beautiful and was witnessed by a large and brilliant assemblage.

The church was most effectively decorated in green and white. The chancel was a bank of palms and ferns with the graceful southern smilax entwined in the altar rail and festooned about the double doorway and windows. The windows were also, banked with palms. The only flowers used were the Ascension lillies. Sheats of these were in the aisles where the white ribbons crossed, and were on each side of the altar where the bridal couple knelt. They were, also, used with pretty effect among the green plants and vines.

The bridal party advanced to the altar simultaneously down the three main aisles. Miss Marie Scovell, of Jacksonville, Fla., and Miss Martha Davis, Mr. Edson Hurt and Mr. Edward Brinckhurst entering from the left; Miss Mabel Weakens and Miss Ruth Well, Mr. Dow Wilson and Dr. L. B. Howell from the right; and Miss Ann Rhea and Miss Frances Harris, of Nashville, Tenn., Mr. David Koger and Dr. Frank Horne in the center aisle preceded the maid of honor, Miss May Phelps, of Washington, D. C. The bride entered with her father Capt. James Koger. At the altar the bridal party were met by the groom and the best man, Mr. Arthur Y. Martin and the ceremony was said by the Rev. M. E. Chappell, of Princeton, Ky. Mr. Harry Gilbert was at the organ. The Leopoldina wedding march was the processional.

#### Delightful Chapter Meeting.

Paducah chapter, United Daughters of the Confederacy, held its meeting for June yesterday afternoon with Mrs. Henry Horace Cleugh, on Clay and Ninth streets. It was the final meeting of the chapter until September and there was much routine business to be transacted. A social meeting followed the business session. Mrs. Henry H. Duley gave an interesting recitation and Miss Itella Coleman some piano selections. A delightful two-course luncheon was served. The tables were in red and white and had the Confederate and British flags symbolized in compliment to the southland and to Mrs. Cleugh's adopted country, her husband being an Englishman. It was a pretty design, effectively carried out.

The September meeting of the chapter will be with the president, Mrs. Joseph H. Thompson, of Jefferson street.

#### Reception to Seniors.

The reception given the graduating class of 1906 by the Junior and Sophomore classes of the Paducah High School, at the high school last night was a success. The reception was attended by the members of the school board, which held a short session preceding the reception and the affair was one of the most pleasant and satisfactory of the year. There were about 200 present.

#### Class Day.

Tonight the class day exercises will be held at the high school auditorium and there will be a large audience to greet the class. The exercises are not open to all but only to those who are invited. Invitations were sent to the friends and families of the graduates and only these will be admitted. The class is fully up in the program and the exercises doubtless will go through without a hitch.

#### Pleasant Entertainment.

Mrs. Virge Deboe and Mrs. W. M. Jordan entertained the ladies of Magnolia Grove No. 2, Woodmen Circle, last night. The evening was pleasant and only these will be admitted. The class is fully up in the program and the exercises doubtless will go through without a hitch.

#### School Picnic.

The private school of Mrs. John J. Doran is having its picnic across the river at the lakes this afternoon. It is a large affair. The date was changed from tomorrow afternoon.

#### Five Hundred Club.

Mrs. Armour Gardner was hostess to the Five Hundred club this morning at her home on Fountain avenue. It was a pleasant meeting of the club.

Guests at The Palmer today are:

E. Young, Princeton, Ky.; R. D. Yanoil, Princeton, Ky.; J. C. Robinson, Philadelphia; W. B. lacey, St. Louis; C. W. Lewis, Bradley, Ill.; B. H. Moffett, Chicago; R. A. Smith, Louisville; W. L. The maid-servants were very charming in pretty gowns of white radium silk and bride's veil with the pink Prince of Wales tips and carried a shower bouquet of bride roses and lilies.

The maid of honor, a strikingly handsome girl, was effectively gowned in white net over silk, artistically trimmed with pink roses. She wore the short veil fastened with the pink Prince of Wales tips and carried pink roses.

The bridesmaids were very charming in pretty gowns of white radium silk and bride's veil with the pink Prince of Wales tips. They carried shower bouquets of pink sweet peas.

After the church ceremony the bridal party and a limited number of friends were entertained at the house of Capt. and Mrs. James Koger on Jefferson street. The house was most attractively decorated in white and green, lilies, roses and ferns being used in the parlors and dining room.

The bride's table was a pretty effect in white, pink and green. A tall vase of bride roses arranged on a mirror filled the center. The leaves were white and green and the cakes were iced with pink and green roses on white. The candy was wreaths of pink, white and green.

The bride's cake had white ribbons extending to the places of the bridal party, these were pulled instead of the cake being cut. The ring fell to Miss Ruth Well; the thimble to Miss Kathleen Whitefield; the due to Miss Frances Harris; the button to Miss Marie Scovell; the copper cent to Miss May Phelps; the shoe to Mr. David Koger. The bride's bouquet was caught by Miss Phelps.

## SERVANT PROBLEM STARTS BIG ROW

Speaker Before General Federation Executes Retreat.

Miss Casey Favors Unions for Working Girls and Housewives Get Excited.

HOT WORDS FOLLOW SPEECH

St. Paul, June 6.—At the session last night of the general convention of the Federation of Women's clubs, Miss Casey, a labor organizer, and Mrs. W. H. Chevis, of St. Louis, president of the Tuesday club, were the principal speakers.

It is the first time that members of organized women workers have been invited to meet with the general federation. Miss Casey strongly favored organization of trades' unions by the women workers, saying that, while she did not like strikes, yet the lot of the woman worker was a constant struggle against her male competitors and her employers, and that the only hope was to put the women on a parity with the men, through the trades' unions.

Had not friends of Miss Casey executed a rapid flank movement, when she had finished speaking, and rescued her from a band of trade club women headed by Mrs. Chevis, there is no telling how the conference might have ended. Miss Casey's remarks apparently stirred the wrath of some of the club women, who have been coping with the servant girl problem, and when the conference was over they made a charge on Miss Casey, bring a rapid volley of questions, cross-questions and arguments at her until the poor girl was overwhelmed. Mrs. Chevis, heading the charge with wild gestures, ordered the working girls "back to the kitchens," while she said were yawning for them, and offered a panacea for all the troubles of the working girls depicted in Miss Casey's clever address.

**Loses Her Temper.**  
"We have been ridden to death by the working girls," declared, Mrs. Chevis. "Why don't you come into our homes where you can get good wages, excellent board, a fine home and easy hours?"

Miss Casey replied that most working girls were not competent to do housework, did not like to do housework, and, besides, did not intend to run homes for women who were incompetent or too lazy to run them for themselves. Girls working in factories could not afford to lay off long enough to hunt a berth in one of those cozy homes pictured by Mrs. Chevis.

"Not time enough to look for work?" exclaimed Mrs. Chevis, with an expressive throwing out of her arms. "Why, we would go right into factories and take you into our homes if you would come. We are paying \$6, \$10 and \$12 a week for servant girls, but because of your stubborn pride you prefer to click, click, week after week, in your smelly workshop and eat poor food."

Here a squad of the Illinois delegates surrounded Miss Casey and swept her away and the incident was closed.

#### A Texas Wonder.

There's a hill at Howie, Tex., that's twice as big as last year. This wonder is W. L. Hill, who from a weight of 90 pounds has grown to over 180. He says: "I suffered with a terrible cough, and doctors gave me up to die of Consumption. I was reduced to 90 pounds, when I began taking Dr. King's New Discovery for Consumption, Coughs and Colds. Now, after taking 12 bottles, I have more than doubled in weight and am completely cured." Only sure Cough and Cold cure. Guaranteed by McPherson's Drug Store, 50¢ and \$1.00. Trial bottle free.

**Funeral of William A. Winston.**  
The body of William A. Winston, who was drowned in the Chippewa lakes near Bayou Mills Monday afternoon, has been taken to Dresden, Tenn., for burial. Last evening at 8 o'clock funeral services were conducted at the residence, 1130 Jefferson street, the Rev. W. H. Pinkerton officiating, and this morning at 8:30 o'clock the body was taken to Dresden. The Masons attended the funeral and accompanied the body to the train.

**Outwits the Surgeon.**

A complication of female troubles, with catarrh of the stomach and bowels, had reduced Mrs. Thomas S. Austin, of Leavenworth, Ind., to such a deplorable condition, that her husband fearing fatal results, postponed this to try Electric Bitter; and to the amazement of all who knew her, this medicine completely cured her. Guaranteed cure for torpid liver, kidney disease, biliousness, jaundice, chills and fever, general debility, nervousness and blood poisoning. Best tonic made. Price 50¢ at McPherson's Drug Store. Try it.

## GET NEW TIN SHOP FOR THE I. C. ROAD

Authority for Building it Has Reached Paducah.

Up-to-Date Machinery Will Be Installed in Structure When It Is Completed.

NEWS OF THE RAILROAD MEN

After over a year and a half of figuring, inspections, more figuring and more inspections, the Illinois Central is to have a new tin shop in Paducah and the work will begin at once. The matter of letting the contract is now under consideration, but the definite and gratifying fact to local Illinois Central officials lies in the authority that has been given for immediately beginning work on the new shop.

Yesterday W. C. Waggener, supervisor of buildings and bridges of the Louisville division arrived in Paducah and in his pocket carried authority to begin work on the new tin shop. The plans are in his hands and he is this week working with contractors preparing to take bids on the job.

It is undecided whether the Illinois Central will take the matter in hand and build it or let the contract to an individual. It is stated that the latter method is preferable. F. W. Katterjohn and several other local contractors went out yesterday to inspect the site and look at the plans. Figures will be furnished immediately and it is said the actual work of digging the foundations will begin by next week.

The new tin shop is to be built between the freight car repairer shops and the west fence. The dimensions will be about half the size of the other buildings.

It is stated that new machinery will be secured and this will make a valuable and much needed addition to the shops.

#### Breaking a Practice.

Inventive genius asserts itself in a pinch and this fact is demonstrated in the solution of a problem which had long been troubling the woodworkers in the Illinois Central planning mill. There are several cups used at the water barrel and at noon employees would take charge of them, fill them with ice water and retain them during their lunch. There were too few cups to go around and the question of breaking up the practice was solved by Ed Wheeler, the popular foreman of the tin shop. The tin cups were flat on the bottom and could be easily set down during lunch. Mr. Wheeler made funnels, running to a sharp point and soldered them to the bottoms of the cups.

This makes it impossible to set the cups down and the workmen have ceased to contaminate them during the noon hour.

#### Wages for Carmen.

Quincey Wallace, secretary of the joint protective committee of the Brotherhood of Railway Carmen, will leave tonight at 6 o'clock for Fulton to meet a party of delegates from the order who will go to Chicago tonight to have a conference with Superintendent of Machinery William Renshaw, relative to a contract for the carmen for the present year. Mr. Wallace has been the host of Mr. Albert Alquist, the Memphis delegate, today and the two will go together. The carmen are asking for only ten cents increase and few real concessions this year. It is probable that if they get it, it will mean the last demand for an increase, as the scale will then be uniform.

Noah McLaughlin, son of James McLaughlin, of the Illinois Central, has gone to Joliet, Ill., to work at his trade. He is a machinist, and has been working in the local Illinois Central shops.

T. M. Daughan, master car builder, of the Illinois Central, was able to be at his office this morning after a week's illness of malarial fever.

The Illinois Central wrecker went to Big Clifty yesterday and picked up the enormous iron fly wheel which rolled off a car several weeks ago. One hour was consumed in hoisting the wheel onto a car. The wrecking derrick car was supplied with a special crane for lifting the wheel.

Mr. Edgar Martin, employed in the Illinois Central woodwork shop, was struck by a jack lever yesterday and his lips were cut. The injury was dressed at the Illinois Central hospital.

Mrs. Harry E. Johnson and daughter have returned from Rutherford, Tenn., after visiting relatives.

## PADUCAH ACADEMY OF MEDICINE OPEN

First Meeting Results in Complete Organization.

Officers and Lecturers and Demonstrators Appointed by the Members.

### PHYSICIANS TAKE INTEREST

At the weekly meeting of the Academy of Medicine last night in the office of Dr. Lyne Smith, the organization was perfected. The officers elected were: Dr. E. R. Hearne, president; Dr. E. R. Earle, vice president; Dr. Lyne Smith, secretary; Dr. L. E. Young, treasurer.

Chairs in the various branches of medicine and surgery were appointed as follows: Operating surgery, Dr. P. H. Stewart; general surgery, Dr. J. G. Brooks; abdominal surgery, Dr. Frank Boyd; physical diagnosis, Drs. Taylor and Bass; obstetrics, Drs. Reddick and Griffith; practice of medicine, Drs. Coleman and Sights; eye, Dr. H. G. Reynolds; nose and throat, Dr. C. E. Purcell; ear, Dr. H. F. Williamson; gynecology, Drs. Horace Rivers and Della Caldwell; pediatrics, Drs. Hall and Ilythe; anatomy, Drs. Hearne and Stuart; physiology and chemistry, Drs. Young and Sears; bacteriology, histology and pathology, Dr. E. R. Earle; materia medica and therapeutics, Dr. Lyne Smith; sanitation, Dr. W. T. Graves.

Dr. Horace Rivers was unable to deliver his lecture on "Gynecology" at last night's meeting and his subject was handled by Dr. P. H. Stewart. Next week the subjects for discussion will be "Anatomy, Physiology and Pathology," Drs. Hearne and Stuart on anatomy; Dr. L. E. Young on physiology, and Dr. E. R. Earle on pathology.

### Syndicate Investment.

We offer a special opportunity for those who would like to join a syndicate and put in from \$100 to \$7,000, and in all probability make 50 per cent on the money in three years. We have 43 houses in Worton's South Side Addition that we can sell for \$24,000; \$7,000 cash and the balance \$200 per month, and as these houses have a gross rental value of \$360 per month, it is probable that all it will cost the purchaser is the first payment, as the tenants will pay the rest. This makes a liberal allowance for losses, vacant houses and expenses. Six vacant lots will be included without extra charge in this proposition. We believe this is one of the best opportunities we have ever offered to investors. It is probable that the electric car line will go out Tennessee street through this addition and in this event this property would rise rapidly in value. It is an easy matter to make money out of the above proposition, and we will give any desired information concerning it to any one interested. Anyone having \$100 or more to invest would do well to investigate this matter, and call on or telephone us, and it may be that the investment will pay three dollars for one.

## THE N. Y. CENTRAL OWNS SOME STOCK

Given the Railroads "For Traffic Reasons."

Contract for Coal Concern to Mine So Much Fuel and Railroad to Furnish Cars.

### CASSATT MAY NOT TESTIFY

Philadelphia, Pa., June 6.—It is now certain that A. J. Cassatt, president of the Pennsylvania Railroad company, will be called as a witness before the Interstate Commerce Commission which resumed its investigation into alleged discrimination in the distribution of coal cars.

E. V. R. Rossiter, vice president of the New York Central and Hudson River railroad, in charge of the financial department, was the first witness. The examination was conducted by Attorney F. B. Whitney, of New York. Mr. Rossiter stated that he is a director of the Beech Creek Coal and Coke company, representing the interests of the railroad company on that board. While now a part of the Pennsylvania Coal and Coke company, its business was conducted under its original title. The railroad, the witness said, owns 5,000 shares of preferred, 5,000 shares of common stock and \$5,000,000 worth of 5 per cent bonds in the Pennsylvania Coal and Coke company.

"How did the railroad acquire its stock in the original coal and coke company?" inquired Commissioner Cockrell.

"It was given to the railroad in 1891, when the coal company was organized.

"The railroad paid no cash for it."

"No, it was given for traffic reasons."

### Signed Contract.

Continuing Mr. Rossiter said that a contract had been signed by the railroad and the coal company and the stock was given in consideration of the contract.

This contract was produced by counsel for the railroad company and read by Mr. Whitney. It was dated July 17, 1901, and by its provisions the coal company agreed to mine at least one million tons of coal every year and the railroad to furnish cars equal to that amount of coal annually, exclusive of fuel cars. The railroad further agreed to interest itself in no other coal company excepting the Clearfield Illuminating Coal corporation. The railroad also agreed to purchase 500,000 tons of fuel coal every year.

Mr. Rossiter said the Clearfield corporation was a merger of a number of small companies owned by the New York Central. These companies he said, supplied only fuel coal to the railroad.

Commissioner Clements questioned Mr. Rossiter concerning the policy of the New York Central as to its officials holding stock in coal mining companies.

He said there was no absolute rule but it was tacitly understood to be against the policy for officials to hold such stock.

### Lightning Strikes Two.

Stanford, Ky., June 6.—Henderson Young was killed by lightning this afternoon near Highland, this county, and son of John Will Carrier was dangerously injured. He cannot recover.

### Lightning Breaks.

Mayfield, June 6.—Lightning did some very funny stunts Monday afternoon during the electrical storm. At the home of Otto Allfield, near Petersburg, several bricks were knocked from the chimney and several planks from the side of the house and black

spots in various places as if it had been scorched.

Lightning struck the stable of Circuit Clerk C. W. Wilson, on East Ann street, causing it to catch fire.

Mrs. Joe Sellers was standing at a window with one hand on the glass and the other on a pillow. A bolt of lightning caused a streak of fire to pass over her hand, inditing a painful burn. Her arms were dented from the shock but otherwise from the burn she was not injured.

### Owensboro Fair Cases.

The offer of the Owensboro guarantees to compromise the deficit entailed by the holding of the State Fair at Owensboro in 1903, by the payment of \$10,000 to the Kentucky Live Stock Breeders' association, was accepted. The deficit was about \$12,000.

## Lake Commerce First Four Months Amounted to Just 4,365,305 Tons.

Lake commerce during April and the first four months of 1906 exceeds that of like periods in any earlier year, and suggests a new record for lake tonnage in 1906. For the month shipments from all points on these great bodies of water amounted to 4,365,505 net tons, while for the year to April 30 they aggregated 5,418,481, a gain for the month of 1,275,012, and for the four months of 1,592,656 net tons, if compared with corresponding movements in 1905. It should be noted, however, that the usually heavy westbound movement of coal was probably in some degree due to the storing of vast quantities of this commodity at eastern ports prior to the opening of the lakes, in anticipation of a coal strike, while the general movement of nearly all articles of commerce may have been accelerated by the fear of a general strike among steamship employees of which there seemed to be a probability during the entire month.
